

Berardi's is a pure specialty coffee roaster with a unique style and a passion for freshness. To maintain our high standards and reputation, we search worldwide for the best beans available. We protect the quality of those beans by custom-roasting daily and shipping in smaller quantities, despite a menu that includes over 75 regional coffees and over 75 flavored coffees. We also sell a wide variety of teas, cocoas, and flavoring syrups, which are included in our made-to-order gift baskets.

## Gift baskets

A Berardi's gift basket is the perfect 'thank you' for clients, or a thoughtful holiday gift for friends to enjoy. Each gift basket is made to order with the following quality Berardi's products.

**Estate Direct and Flavored Coffees** Despite a menu that includes more than 75 regional coffees and over 75 flavored coffees, we custom roast everything to order — nothing in advance. To maintain our high standards and reputation, we search worldwide for the best beans available. We protect the quality of those beans by custom roasting and flavoring in small batches, ensuring every sip is "fresh from bean to brew."

**Herbal Tea or Traditional Blends** Following the Berardi's tried and tested method of ensuring quality and satisfying taste, we have searched the tea growing regions of the world for the very best tea crops so we can offer you specialty teas of the quality expected of the Berardi's name.

**Oregon Chai** Beyond the confines of a traditional coffee drink. Served steaming hot, Oregon Chai will present coffee, espresso and latté drinkers and non-drinkers with a new taste experience. Shivering cold, Oregon Chai is an unexpected alternative to juices or Italian soda. Mix 1/2 Chai with 1/2 milk.
